## WHAT IS THE E-WORLD WIDE AREA?

As the organizer of E-world, we understand the challenges that international delegations face when visiting a busy trade fair. This is why we offer you an **exclusive meeting point** in the exhibition halls.

The E-world Wide Area is designed to meet the requirements of your **international delegation**. You can use this area to:

- Make appointments
- Hold small presentations
- Organize matchmaking sessions
- Relax and enjoy a drink

## WHERE TO FIND IT?

The E-world Wide Area is located in **Hall 4** and offers **space for up to 60 people**.

## WHO SHOULD ATTEND?

The E-world Wide Area is interesting for delegations from **different institutions**:

- Well-established companies from the energy industry
- Political representatives (e. g. ministries or embassies)
- Trade associations
- Business development and innovation agencies
- Regulatory authorities
- Start-ups & investors
- Research organizations (universities, institutes etc.)

...who will be on your guest list?

All these parties will **find** their **German and European equivalents** as well as business counterparts to connect and discuss with at E-world. A delegation to E-world can be the stepping stone to a bigger presence on Europe's platform for the energy sector.

Contact points involve the vivid exhibition area as well as the extensive conference program on the open forums in the trade fair halls. In addition, matchmaking sessions can be organized for a more structured speed dating.

In 2025, we welcomed delegations from the Netherlands, the Czech Republic, Spain, and Switzerland. We look forward to your visit!

## OUTLOOK TO E-WORLD 2026

### EXPANSION OF EXHIBITION AREA AND TOPICS

E-world 2026 will come with a new exhibition hall. Thus, especially two focal points will be stressed which might be interesting to build your delegation visit:

- **climate solutions** will be a new thematic pinpoint, especially electricity grids as the backbone for many climate technologies.
- **start-up innovation** will take an even larger area of the exhibition.

### INTERNATIONALITY

Exhibitors and visitors from all over the world come together in Essen to exchange on the latest developments in the energy sector. The international significance of the trade fair is constantly increasing. In 2025, 980 exhibitors from 34 countries presented their innovations to 33,000 trade visitors from over 70 nations. About one third of both exhibitors and exhibitors come from abroad.

### DAY OF CONSULATES

The Day of Consulates is an integral part of E-world energy & water and thus a sign of its international orientation. This networking event offers **delegates from embassies, consulates and business development agencies** the opportunity to obtain exclusive information on current developments in the energy sector, to exchange views with colleagues on site and to establish new contacts. It takes place on the second day of the fair. In 2026, this will be February 11.

### NUMBERS FROM 2025

**980** **34**  
**EXHIBITORS** FROM **COUNTRIES**  
PRESENTED THEIR INNOVATIONS TO  
**33,000** FROM **70**  
**TRADE VISITORS** OVER **NATIONS**  
**30 %** FROM  
ABROAD
