## E-WORLD ENERGY & WATER

### THE LEADING TRADE FAIR FOR THE ENERGY INDUSTRY

From February 10 to 12, 2026, the energy industry will gather at E-world energy & water in Essen. National and international exhibitors will showcase pioneering technologies, smart services, and solutions aimed at achieving climate goals.

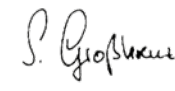

The diverse supporting program, held across four open expert forums, will provide valuable insights and fresh perspectives for a climate-neutral future. In addition, the E-world Community offers a year-round platform for exchange and networking within the industry.

Take this opportunity to establish new connections and strengthen existing ones – we look forward to welcoming you!

# THE E-WORLD COMMUNITY

## ONE SECTOR. ONE NETWORK.

Network with the industry all year round! The E-world Community is available to you as a digital networking platform 365 days a year and supports you in making new business contacts and driving your business forward - before, during and after E-world.

**JOIN THE COMMUNITY!**

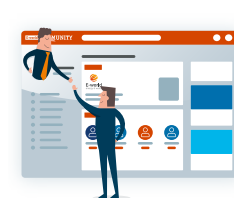

### FIND WHAT YOU ARE LOOKING FOR

Answers to your questions and solutions that will help you move forward: Whether it's new cooperation opportunities, background information on industry trends or informative events – thanks to intelligent search algorithms you will find all this easily in the Community.

### STAY INFORMED

Discover the latest trends and share your company news, current announcements or event recommendations with the energy community. Present yourself, your expertise or innovative ideas and use the E-world Community as a valuable source of industry news.

### WORK BETTER TOGETHER

Network with hundreds of companies and thousands of industry experts – 365 days a year. In the E-world Community, the right partners and solutions for your individual requests and business interests are just a few clicks away.

### EXCHANGE IDEAS

New food for thought, valuable industry insights, experience from international experts: The Community offers you an extensive energy industry event program. Take part in the numerous events or present yourself to invited visitors in exclusive sessions.

### GET THE APP AND STAY CONNECTED

Access content anytime, anywhere, and engage in discussions on the latest topics.

## THE WHOLE VARIETY OF THE INDUSTRY

For more than 20 years, E-world, Europe's leading trade fair, has brought together not only the international energy industry, but also related sectors such as industry and IT, transport and construction, in order to jointly create a sustainable, integrative and intelligent energy system of the future.

With its various exhibition areas, the fair reflects the diversity of the industry and creates attractive points of attraction for interested parties and experts.

## INNOVATION

The **Innovation** area provides young companies with an attractive platform for presentation. With creative, unconventional approaches, they drive forward energy industry transformation processes giving impetus to industry giants at the same time. Thanks to their dynamism, startups also accelerate the transfer of research findings into commercial applications, thus delivering significant new business models.

The Innovation area brings together startups, the joint stand of Young, Innovative Companies, and exhibitors from science and research.

## CLIMATE SOLUTIONS

In the new **Climate Solutions** exhibition area, the focus is on the decarbonization of energy generation and consumption. In addition to the key areas – generation, storage, and transport – particular attention is given to consumers such as energy-intensive industries, the digital economy, and the building sector. Companies showcase both technological innovations and strategic concepts for reducing CO<sub>2</sub> emissions and promoting the energy transition. The accompanying forum, which offers valuable insights through expert lectures and discussions on these topics, complements the exhibition area.

## CAREER DAY

### TARGETED RECRUITING & PERSONAL EXCHANGE

As part of E-world, the Career Day offers space for an active exchange between applicants and companies in the energy sector – recruiting and networking made easy for both sides!

Present yourself as an attractive employer at E-world and impress qualified applicants. At Career Day, you have various opportunities to show that direct contact is important to you in the applica-

tion process. Provide insights into your corporate culture and working methods as part of the stage program, in the form of challenges or in conversations at your booth. This creates targeted and professional communication between you and the participants.

Use the Career Day for your recruiting and meet the industry's up-and-coming talents.

## OPEN EXPERT FORUMS 2026

### UP-TO-DATE | INFORMATIVE | VARIED

The four expert forums of E-world are located directly in the exhibition halls and are embedded in the surrounding exhibition areas. In exciting lectures, Q&As and panel discussions with top-class international speakers, the forums offer the optimal platform for exchanging experiences directly at E-world energy & water.

#### FUTURE

How will the energy transition continue to develop – and what political, regulatory and technological course must be set to achieve this? What role do flexibility, storage solutions and resilient infrastructure play in the future of the energy system? Answers to these questions are the focus of the Future Forum.

**SVEN BECKER,**  
CEO,  
Trianel

**MARKUS FENDT,**  
Managing Director,  
The Mobility House  
Energy

**DR. CHRISTOPH  
MÜLLER,**  
CEO,  
Amprion

**KRISTINA HAVERKAMP,**  
Managing Director,  
dena

**PHILIPP HENCH,**  
Senior Project Engineer  
| Senior Research  
Consultant, Ffe

**FELIX KRAUSE,**  
Managing Partner,  
Vireo Ventures

#### CHANGE

How are start-ups driving change in the energy sector with new technologies? Which innovations and financing concepts are paving the way for the future – and what career prospects does the sector offer? These are the questions addressed by the Change Forum program.

## CONFERENCES

Practical experience reports and professional exchange with international experts from politics, business and science: The events within the framework of E-world offer an important stage for discussing current trends and issues, sharing approaches to solutions and opening up new perspectives.

### ENERGY LEADERSHIP MEETING

📅 FEBRUARY 9, 2026

On the day before the first day of the trade fair, the Energy Leadership Meeting has established itself as the traditional opening event of E-world energy & water. In high-ranking impulse lectures, discussion rounds and interviews, the current political and economic challenges of the industry are addressed.

### FIBER OPTIC FORUM

📅 FEBRUARY 10, 2026

The event will discuss the possibilities, opportunities and challenges of fiber optic expansion in Germany. In various presentation formats, speakers from politics and business will present approaches to current issues and possible concepts for success.
