E-WORLD ENERGY & WATER

THE LEADING TRADE FAIR FOR THE ENERGY INDUSTRY

From February 16 to 18, 2027, Essen will once again become the hub of the energy industry: At E-world energy & water, domestic and international exhibitors will present pioneering technologies and intelligent solutions for achieving climate goals.

The diverse supporting program across the four expert forums offers valuable impulses and new perspectives for a climate-neutral future. Beyond the trade fair itself, the E-world Community enables year-round networking within the industry.

Expand your network and let's discover new perspectives together – we look forward to seeing you there!

VARIETY OF TOPICS

The topics at E-world are as multifaceted as the energy industry itself. The event's impressive resonance proves that it covers the entire spectrum of the sector: In 2026, 1,136 exhibitors used E-world to present their forward-looking solutions to approximately 37,000 trade visitors from 126 nations.

Both the wide range of exhibitors and the high-caliber supporting program map out the industry's entire value chain, providing vital momentum for the future.

THE E-WORLD COMMUNITY

ONE SECTOR. ONE NETWORK.

JOIN THE COMMUNITY!

Network with the industry all year round! The E-world Community is available to you as a digital networking platform 365 days a year and supports you in making new business contacts and driving your business forward - before, during and after E-world.

FIND WHAT YOU ARE LOOKING FOR

Answers to your questions and solutions that will help you move forward: Whether it's new cooperation opportunities, background information on industry trends or informative events – thanks to intelligent search algorithms you will find all this easily in the Community.

STAY INFORMED

Discover the latest trends and share your company news, current announcements or event recommendations with the energy community. Present yourself, your expertise or innovative ideas and use the E-world Community as a valuable source of industry news.

WORK BETTER TOGETHER

Network with hundreds of companies and thousands of industry experts – 365 days a year. In the E-world Community, the right partners and solutions for your individual requests and business interests are just a few clicks away.

EXCHANGE IDEAS

New food for thought, valuable industry insights, experience from international experts: The Community offers you an extensive energy industry event program. Take part in the numerous events or present yourself to invited visitors in exclusive sessions.

GET THE APP AND STAY CONNECTED

Access content anytime, anywhere, and engage in discussions on the latest topics.

E-world is above all one thing: Dialogue.
For us, E-world is a unique platform for direct exchange with our customers and partners […]“

CARSTEN POPPINGA
Chief Commercial Officer, Uniper SE

THE WHOLE VARIETY OF THE INDUSTRY

For 25 years, E-world, Europe‘s leading trade fair, has brought together not only the international energy industry, but also related sectors such as industry and IT, transport and construction, in order to jointly create a sustainable, integrative and intelligent energy system of the future.

With its various exhibition areas, the fair reflects the diversity of the industry and creates attractive points of attraction for interested parties and experts.

INNOVATION

The **Innovation** area provides young companies with an attractive platform for presentation. With creative, unconventional approaches, they drive forward energy industry transformation processes giving impetus to industry giants at the same time. Thanks to their dynamism, startups also accelerate the transfer of research findings into commercial applications, thus delivering significant new business models.

The Innovation area brings together startups, the joint stand of Young, Innovative Companies, and exhibitors from science and research.

CAREER DAY

TARGETED RECRUITING & PERSONAL EXCHANGE

As part of E-world, the Career Day offers space for an active exchange between applicants and companies in the energy sector – recruiting and networking made easy for both sides!

Present yourself as an attractive employer at E-world and impress qualified applicants. At Career Day, you have various opportunities to show that direct contact is important to you in the application process. Provide insights into your corporate culture and working methods as part of the stage program, in the form of challenges or in conversations at your booth. This creates targeted and professional communication between you and the participants.

Use the Career Day for your recruiting and meet the industry‘s up-and-coming talents.

CALL FOR PAPERS 2027

SUBMIT YOUR IDEAS AND BECOME PART OF THE EXPERT FORUM PROGRAM!

OPEN EXPERT FORUMS 2026

UP-TO-DATE | INFORMATIVE | VARIED

The four expert forums of E-world are located directly in the exhibition halls and are embedded in the surrounding exhibition areas. In exciting lectures, Q&As and panel discussions with top-class international speakers, the forums offer the optimal platform for exchanging experiences directly at E-world energy & water.

FUTURE

How will the energy transition continue to develop – and what political, regulatory and technological course must be set to achieve this? What role do flexibility, storage solutions and resilient infrastructure play in the future of the energy system? Answers to these questions were the focus of the Future Forum.

SVEN BECKER,
CEO,
Trianel

MARKUS FENDT,
Managing Director,
The Mobility House Energy

DR. CHRISTOPH MÜLLER,
CEO,

NEW ENERGY SYSTEMS

How can future energy markets be successfully structured? Which financing models, generation concepts and urban solutions are driving the energy transition forward? Answers to these questions were provided by the program of the New Energy Systems Forum.

CLIMATE SOLUTIONS

Which technological solutions are paving the way for a climate-neutral energy system? How are gas and electricity markets developing in Europe – and what role do grids, hydrogen and the building sector play in the success of the energy transition? These were the questions addressed by the Climate Solutions Forum.

CONFERENCES

Practical experience reports and professional exchange with international experts from politics, business and science: The events within the framework of E-world offer an important stage for discussing current trends and issues, sharing approaches to solutions and opening up new perspectives.

ENERGY LEADERSHIP MEETING

FEBRUARY 15, 2027

On the day before the first day of the trade fair, the Energy Leadership Meeting has established itself as the traditional opening event of E-world energy & water. In high-ranking impulse lectures, discussion rounds and interviews, the current political and economic challenges of the industry are addressed.

FIBER OPTIC FORUM

The event will discuss the possibilities, opportunities and challenges of fiber optic expansion in Germany. In various presentation formats, speakers from politics and business will present approaches to current issues and possible concepts for success.

OUR DIGITAL PROGRAM IN THE E-WORLD COMMUNITY

EXPERT KNOWLEDGE ALL YEAR ROUND

In addition to our trade fair program, we offer webinars on relevant energy industry topics in **more than 20 events** each year on our digital platform, E-world Community. Presentations, panel discussions and sponsored sessions cover a wide range of current topics in the energy industry, thereby complementing the on-site trade fair throughout the year.

A highlight of the digital program is the annual **E-world Kick-off**, which will be held for the fifth time from **November 17–19, 2026**. Featuring fireside chats, presentations and panel discussions, the three-day online event will devote two hours each day to current developments in the energy transition, such as challenges facing the electricity sector, data security and the role of the state in the future energy market. The E-world Kick-off is therefore also the opening event for the trade fair on-site.
